## East York Community Bus

## Neighbourhood travel made easy

The TTC's Community Bus service connects customers to a variety of popular destinations along a unique neighbourhood route. It stops at the front door of various buildings and landmarks, including local shops, groceries, community centres, health care facilities and seniors' residences. While Community Bus uses the same type of vehicle that Wheel-Trans customers are used to, this service is for everyone.

- **It's flexible** – There is no need to book your trip; this bus runs on a schedule.
- **It's friendly** – These buses are fully accessible and our operators are helpful.
- **It's simple** – Anyone can ride a Community Bus with their TTC fare.

The TTC operates five Community Bus routes. To learn more, visit [ttc.ca/communitybus](http://ttc.ca/communitybus)

## Connecting you to your community

As part of a nine-month pilot program, Community Bus service along the **400 Lawrence Manor** and **404 East York** routes has been expanded. The hours of service have been extended and additional stops have been included. The pilot will run until June 2018 and service changes will remain in effect until a review of the pilot is complete.

## Boarding the Community Bus

Community Bus serves regular bus stops and can be flagged down at any point along the route. The Community Bus route number is located on the bus stop pole in grey. Customers are encouraged to come to the bus stop or curb a few minutes before the bus is expected to arrive. This will ensure the driver has ample time to see you and stop the vehicle so you can board.
